

# Animal Welfare Officer Training

**SAVE \$60pp with an Early Bird Registration. Book before 31 January!**

This one-and-a-half-day training course, delivered by feedlot veterinarian, Dr Paul Cusack and ALFA's Technical Services Officer, Jeff House, is aimed at providing feedlot managers, supervisors, key training personnel and quality assurance officers with the most up to date knowledge and skills for the management, assessment, auditing and on-the-job training of animal welfare within a feedlot operation.

This workshop will be run as a combination of classroom and on-site (feedlot) practical work-based assignments followed by a post course assessment process.

Upon successful completion of post course work assessments, participants will be issued with a **Statement of Attainment for the Animal Welfare Officer Skills Set** in the following units of competency:

- ▶ **MTMP2010A** Apply animal welfare and handling requirements
- ▶ **MTMP414A** Oversee humane handling of animals
